

The Introduction

Move 1: What is the topic of the study?

1. What is the topic and general background of the study?

Move 2: What is the problem, relevance, gap?

2. What is the problem?

And – or:

3. Why is it important?

And – or:

4. What do we (not) know? Gap of knowledge?

Move 3: Your way to fill the gap

5. What is the focus of the research / what is the research question?
